Are web games free? ✓.Q: Alternative of \$basehref in Codeigniter framework I use the \$baseurl variable in Codeigniter to change my base URL, but it's not working. Code:

```
$config = array();  
$config['base_url'] = "";  
$config['index_page'] = "";  
$config['uri_protocol'] = 'AUTO';  
$this->load->library('upload', $config);  
$this->load->helper('form');  
$this->load->helper('url');  
$this->load->helper('html');  
$this->load->view('top_menu_header');  
$this->load->view('header_menu');  
$this->load->view('home');
```

 I've set the base_url but it's not working. the uri_protocol is auto. I would like to use something like \$basehref=" in Codeigniter to set the base URL. A: You can set

```
$config['base_url']
```

 to something like

```
$config['base_url'] = ""
```

; Then for every links you can always use

```
href="index.php?uri->uri_string();?>"
```
